# An Easter Trail

Use this pack to run an interactive Easter trail at your church or school this Easter. Based on *The Super Cool Story of Jesus* children's story booklet, these resources will help you put together a fun activity that will engage children with the true meaning of Easter.

The way it works is simple. Children (or adults!) simply have to follow a trail of different images that tell the story of Easter. There are clues and challenges along the way to help participants make their way through the trail. This pack will tell you everything you need to know about how to set up and run your trail.

An Easter trail is ideal for all sorts of settings, whether that be in Sunday school, at a family activity day, or in a local school. However it's used, we hope that all who take part will be drawn deeper into the amazing story of how Jesus lived and loved.

## What you'll need

- A collection of images from *The Super Cool Story of Jesus* (included in this pack)
- Quiz sheets (included in this pack)
- Pens/pencils (to complete the quiz sheets)
- Prizes for those who complete the trail (optional)
- Space to run your trail and place your images
- Time to set up and run your trail.

## How to set-up your trail

After gathering everything you need to run your trail, the main work in setting up comes from designing your trail layout and placing the images in the correct place.

There are 10 images in this pack, but it is up to you how many you use. Each image contains a small blurb about the story

of Jesus, as well as a quiz question (explained in the next section). There is also space to write a clue for the location of the next image.

To set up the trail you will need to find enough separate locations to place your images. You may want to laminate your images before sticking them up, particularly if you are running your trail outside.

Try to be inventive in your image locations – under tables and on ceilings are fun places – and make use of any props you are able to. Make sure you leave enough space between the images so that your trail doesn't get too crowded and there is enough adventure in the trail.

## Clues and challenges

You'll need to write a clue on each image as to the whereabouts of the next image. Depending on the age group taking part, you could choose to make your clue quite straightforward, or make them more riddle-like. It is easier to work backwards from the last image to the first when deciding where to place the images and thinking up your clues.

There is a quiz included in this pack, with one question relating to each image. To complete the trail, participants will need to get all the answers correct in the quiz. Depending on the age of your participants, there are three ways you could use the quiz:

- a. For older children, use the quiz without any answer options.
- b. For younger children, use the quiz with answer options.
- c. For very young children, consider not using the quiz at all and have adults/parents accompanying the children around the trail.

There are quiz and answer sheets for these various options included in this pack. Once you have chosen which way you'd like to use the quiz, you can photocopy the relevant quiz sheet to hand out to participants.

## More fun!

You may want to add more elements to your Easter trail to make it even more fun and interactive. We've come up with a few suggestions, but you may have your own great ideas too!:

- Increase the learning of the Easter story by adding props and more information around each image.
- Hide mini Easter eggs at each image for participants to find and collect.
- Giveaway prizes to participants that complete all (or most) of the trail, such as Easter eggs. You could even attach our special Easter stickers available from [biblesociety.org.uk/easterstickers](https://biblesociety.org.uk/easterstickers)
- Giveaway *The Super Cool Story of Jesus* story booklet to each participant, available from [biblesociety.org.uk/supercoolstory](https://biblesociety.org.uk/supercoolstory)

At Bible Society we believe the Bible can be a catalyst for change for good around the world. Working across Africa, China and the Middle East – in places where Christianity is growing fastest – we're translating, distributing and helping people to relate and make sense of the Bible. And we're advocating for its place in society so that its wisdom, inspiration and relevance are not lost.

Here at home, where the Bible is readily available but rarely read, we're introducing a new generation to the life changing stories it contains and helping people engage with it better so that the Bible will continue to shape our communities.

We were founded over 200 years ago by a passionate group of people who believed God's word should be shared across the world, and we've been sustained by the commitment of thousands of supporters – people like you – who've joined our mission to bring the Bible to life.

Everything we do is driven by one conviction: that when people engage with the Bible lives can change, for good. So if the Bible has made a difference to your life, please join with us through prayer and support to bring the Bible to life around the world.
